i lack friends and the will to live and so i have neglected to take proper care of myself. my skin is pale and translucent from lack of sun and my knuckles are red from repeated injury. i feel like a complete failure and i cant find any motivation to get myself to the next day. i fail when it comes to girls, i fail when it comes to friends, i fail when it comes to hobbies, and i fail when it comes to finding purpose.

Here's how to use the pizza dough method, First you need confidence and good acting skills. Step 1: First you come out of a kitchen. Step 2: Act confused like you just lost some pizza dough. Step 3: Go up to the bitch you wanna use this method on. Step 4: Grab that bitches tit and say "Bitch I know you got my Pizza dough in your shirt, give me that pizza dough im not playing!" (edited)

Just look at her, you know your eyes don't want to stray for even a second and risk missing out on her wobbly fuckmeat completely devouring the ass of that petite bikini. Maybe if you're lucky she'll let you sink your fingers into her jiggly belly fat while making her scream from a BITCH BREAKING MATING PRESS. A hung stud like you who jerks off multiple times a daily should be able to absolutely bloat her gut and streeetch it out with excessive amounts of THICK NUT SLUDGE. Maybe you're a kinky fuck that would rather see those birthing hips and gigantic milk tanks start to swell and grow, snapping her bikini so you can stare that those puffy pink nipples and her delicately swollen pussy lips. Her growing breedable body not showing any signs of slowing its growth~
